DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 21-41 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In Claims 21-23, 26-28, 30, 35 and 39, the definition of the repeat unit ("n") in the formula (I) and the notation "n" in the n-functional are vague because it is not clear that the "n" is the same simultaneously or independently different.

In Claim 25, the claim language "mixture" is not clearly defined because the "mixture" does not have antecedent basis in Claim 21. If applicants intend to claim "A mixture" of the compound of Claim 21, they should claim as "A mixture comprising at least one compound of the formulae (I-a) and/or (I-b) according (incorporating) to Claim 21".

In Claim 29, the claim language "mixture" does not have an antecedent basis because Claim 28 is a process for preparing "a polythiophene".

Claims 24, 31-34, 36-38 and 40-41 are rejected because they are dependent claims.

Response to Arguments

2. Applicant's arguments filed 11/21/05, with respect to the rejections in the previous Office action have been fully considered and are persuasive. Therefore, the rejection has been

section above.
